

MARKETING & SPONSORSHIP OPPORTUNITIES

AQUAFEED EXTRUSION TECHNOLOGY COURSE

Centre for Feed Technology (FôrTek), Norway

25 to 27 March 2015

Overview:

This short course is presented by [FoodStream](#) in conjunction with the [Centre for Feed Technology \(FôrTek\)](#), Norway. FoodStream is an Australian company which, working with extrusion specialist Dennis Forte, has been presenting extrusion training in countries including Australia, Thailand, and New Zealand for almost 20 years.

This 3-day course covers the principles of extrusion, the design of extrusion processes, and the formulation of extruded aquafeeds. Principles learned will be demonstrated using the extruder in the Centre for Feed Technology pilot plant.

The program provides background in general extrusion technology, but is specifically directed at aquafeed extrusion. The course applies to both single and twin screw extrusion technology. The course will cover topics from the basics of extruders and their configuration, through what is happening chemically and physically inside the extruder barrel, to an understanding of extruder dies and extruder instability.

Information on courses offered by FoodStream is available via <http://www.foodstream.com.au/events/>

Marketing/Sponsorship Opportunities:

We are offering the following options to companies who provide equipment and services to the aquafeed industry:

(i) Sponsorship opportunities.

- **Day Sponsorship** (three only available - cost: EUR1000 each).
The company is named as the sponsor for one of the training days by the following means:
 - ◆ Via the course website (with a link to their company website);
 - ◆ In copies of the course program/s sent out and distributed to all participants, and in the course notes;
 - ◆ A sign at breaks on the relevant day that acknowledges the company's support (or the company could provide their own banner or sign for display on that day); and
 - ◆ A representative of the company may choose to address participants for 10 to 15 minutes on their nominated day. Registration of this person for that day only is included in the sponsorship fee.
- **Supported by Sponsorship** (cost: EUR400).
The sponsoring company will be listed as supporting the course on the course website and in the course notes. Links to the company's website from the training course website would also be included.

(ii) Companies may also consider **sponsoring attendance at a course of one or more of their clients' staff**, as a means of demonstrating their support and assisting the development of their technical expertise.

(iii) We are willing to **make company brochures/literature available to attendees at no cost**. We would also consider including appropriate technical/information papers (not marketing brochures) in the course notes as background material.
